EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Coury on 6/24/2006.

The application has been amended as follows:

In the specification, paragraph [0001], after "September 24, 2001", --, now US patent 6,656,348-- has been inserted, after "March 1, 2001" --, now US patent 6,649,042-- has been inserted.

At the end of claim 1, --wherein said final zone also produces a hydrogen-containing gas phase, and further comprising feeding said hydrogen-containing gas phase to said upstream zone as said recycled gas-- has been inserted.

Claim 7 has been deleted.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or render obvious a process, as called for in claim 1, of processing a hydrocarbon feedstock the content of sulfur of which is reduced from the starting feed to the final product. The closest art - Buchanan (6,017,443) - discloses a process as discussed in the previous action. However, Buchanan does not disclose using 3 different reaction zones and that the second one is selected for recycling of the hydrogen. As disclosed in the examples, especially

table II, one having ordinary skill in the art must recognize that the arrangement of streams shows unexpected results.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thuan D. Dang whose telephone number is 571-272-1445. The examiner can normally be reached on Mon-Thu.
